UTZON

Cashmere Eco Story

Designed in Denmark and produced in Mongolia. Our pieces are spun from 100% pure cashmere and have been designed to bring you joy, excitement and comfort for years to come.

Our aim is to provide you with luxurious products that are fully sustainable.

We pride ourselves on sourcing the longest cashmere fibres at 42mm. Longer fibres reduce pilling and misshaping which increases the longevity of your cashmere pieces.

These long fibres allow you to wash your cashmere on a 30 degree wash. As all of our cashmere pieces are machine washable, there is no need for dry clean!

We know that dry cleaning releases toxic chemicals in the environment that persist for decades.

6007 BILLY • 100% Cashmere • 8 Organic white • 205 EUR
